Young Generation

AURA

AURA (Augustin Ukken Revitalizing Agency)

We are a non-profit organization, functioning as a channel of transformation and empowerment among adolescents who are victims of substance and social media abuse. AURA started operations in 2008, under the leadership of Sr. Jis Therese CSC, by drawing inspiration from Venerable Fr. Augustin John Ukken. With the humble beginning from the make-shift facility of Congregation of the Sisters of Charity (CSC), Chittissery, Thrissur, in which we are part of, AURA has so far handheld 5000+ children, from the brink of addiction, back to normal life. A host of these children have grown up to become responsible citizens, contributing to their homes, society and nation. Some of them have excelled in various spheres of life, including sports, arts, music and specific career domains. We work with schools in and around Thrissur and Palakkad districts of Kerala and offer training sessions, therapy, camps, workshops, career coaching and mentoring to select group of children, referred to us.

AURA REHAB CENTRE PROPOSED BUILDING

WHY REHAB CENTRE ?

Kerala shows a high prevalence of drug, alcohol and digital addiction among school children. Parents, teachers and law enforcement officers are confused about tackling the issue. Our experience with addicted adolescents over the last 15+ years has helped us to understand the need of systematic, continuous and child-friendly intervention strategies. They need help to overcome their habits, to improve academic performance and to develop their skills, for a better future. Currently AURA is unable to meet the growing need of the society due to insufficient infrastructure and operational capacity. We would like to reach out to wider geographic areas and be a beacon of hope for more families of struggling adolescents.

Be a part of our dream project
with your valuable contribution

INTERVENTION STRATEGIES

- ❑ Partnering with schools
- ❑ Group formation
- ❑ Residential camps
- ❑ Regular follow up meetings
- ❑ Orientation to teachers
- ❑ Vocational guidance
- ❑ Improvising children's home atmosphere through parental training

MODE OF INTERVENTIONS

- ❑ Admission and assessment
- ❑ Inpatient care
- ❑ Motivational sessions
- ❑ Theatre workshops
- ❑ Behavioral therapy
- ❑ Neuro Linguistic Programme (NLP)
- ❑ Play therapy
- ❑ Music and Dance therapy
- ❑ Animal assisted therapy
- ❑ Horticulture therapy
- ❑ Counselling and Healing sessions.

ANTICIPATING AMBIENCE

We aim to build a sustainable and eco-friendly de-addiction centre for teenagers and provide training to nourish their strengths and personality traits, in order to gradually enable them to handle their own issues. It is envisioned to be a perfect platform for shaping the future of our youngsters.

The physical ambience of the campus is incredibly important when it comes to recovery, productivity and outcome. The proposed campus is characterized by excellent infrastructure and recreation facilities, a spacious playground and idyllic garden.

PROPOSED FEATURES OF REHAB CENTRE

- ❑ Counselling rooms
- ❑ Therapy centre
- ❑ Treatment centre
- ❑ Indoor & Outdoor activity space
- ❑ Conference hall
- ❑ Dormitory-50 bedded
- ❑ Library
- ❑ Prayer hall
- ❑ Yoga & Meditation room
- ❑ Kitchen & Dining hall
- ❑ Administration wing
- ❑ Guest rooms

- ❑ Child-friendly rehabilitation centre in 15000+ sq ft area
- ❑ Therapy/Counseling facilities, Consulting rooms, Treatment rooms, Library, Play area, Garden, Hostel facilities
- ❑ Infrastructure to serve 2000+ children per year
- ❑ Budget of 3.5 crores

GIVE YOUR SHARE TO SHOW YOUR CARE

AURA reached so far with the support of kind-hearted individuals and committed organisations. We expect continued patronage from everyone in the society to make this ambitious project a reality, so that together we can fight the menace of substance abuse and bring addicted adolescents back to life.
